

Alejandro Martinez Rivera.

Software engineer.

Acuña, Coahuila, Mexico | Tel. 877-202-6795 | alex10mtz_rivera@outlook.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

Innovative and results-driven Software Engineer with hands-on experience in full-stack development and business process automation. Proven ability to design and build custom web, desktop, and low-code applications. Founder of 4LL Code Soft, specializing in delivering tailored software solutions.

Experience.

4LL Code Soft – Ciudad Acuña, Coahuila, Mexico

Software Engineer | May 2024 – Present

- Led the development of custom web and desktop applications, including POS systems with hardware integration, and a secure web platform for affiliate management with role-based access control.
- Collaborated directly with clients to gather requirements, design solutions using UML diagrams, and ensure project delivery aligned with business goals.

Caterpillar – Ciudad Acuña, Coahuila, Mexico

Quality Inspector (Metrology) | Apr 2024 – Present

- Perform precision inspections on metal parts using CMM (Coordinate Measuring Machines) and FARO robotic arms, ensuring quality standards for flatness, cylindricity, and diameter.

Software Developer Intern (Engineering NPI) | Oct 2023 – Apr 2024

- Developed enterprise applications and Power BI dashboards for engineering teams, improving part traceability, and tracking production goals.
- Automated key workflows using Power Apps and Power Automate, resulting in a 40% reduction in manual reporting time.

Toter – Ciudad Acuña, Coahuila, Mexico

Software Developer Intern (Engineering) | Dec 2022 – Sep 2023

- Developed and implemented the "Toter Detail Shipment" desktop application using Visual Basic and a MySQL database for inter-factory cargo tracking.
- Utilized Git and GitHub to manage version control throughout the development lifecycle.

Skills & Technologies.

- **Programming:** PHP, Java, Visual Basic (.NET Framework), JavaScript, JQuery and React (Vite)
- **Databases:** MySQL, Maria DB and SQL Server.
- **Tools & Platforms:** Git, GitHub, Power BI, Power Apps, Power Automate, SharePoint, HTML, CSS, Bootstrap, Tailwind.
- **Soft Skills:** Teamwork, time management, adaptability, continuous learning, leadership, critical thinking and effective communication.

Education & Qualifications.

Bachelor's Degree in Computer Systems Engineering

Instituto Tecnológico Superior de Ciudad Acuña | August 2019 - June 2024

- Graduated as the top student in Computer Systems Engineering.
- Achieved 5th place in two national and international programming contests.
- Participated in the ICPC International Programming Contest in San Marcos, Texas.
- Developed the "Personality Tests" intelligent psychology system.

Certifications: SQL Certification and GitHub in depth.

Languages: English (B1 Level, Certified by Oxford University).
